

A modern office table and chairs are arranged on a wooden deck overlooking the ocean at sunset. The table is a long, rectangular, light-colored wood with a dark metal frame. There are six chairs around the table, three on each side. The chairs have white plastic shells and light-colored wooden legs. The background shows a calm sea with a few sailboats in the distance and a bright sunset on the horizon. The sky is a mix of soft pinks, oranges, and blues.

FRENCH MANUFACTURER

OF OFFICE FURNITURE

buronomic
FABRICANT FRANÇAIS

WHO ARE WE?

Buronomic, brings more than 30 years of know-how in the French manufacture of office furniture recognised for its quality.

Buronomic was founded in 1981 on the Normandy coast, at Honfleur in France. In the 90s, the company refocussed its activity on the manufacture of office furniture intended for professionals, distributed through a network of qualified retailers. Thanks to over 30 years of know-how, Buronomic designs and manufactures in its factory in France furniture recognised for its quality and assembly simplicity.

Through an offer of operator, management desks, meeting tables, reception and storage furniture, Buronomic's collection offers a vast range of melamine-coated solutions to equip all office spaces. Buronomic is a company of human size which moves forward with time and which capitalises on its heritage while placing the emphasis on ergonomics, ecology and anthropology of work.

Our corporate social responsibility approach

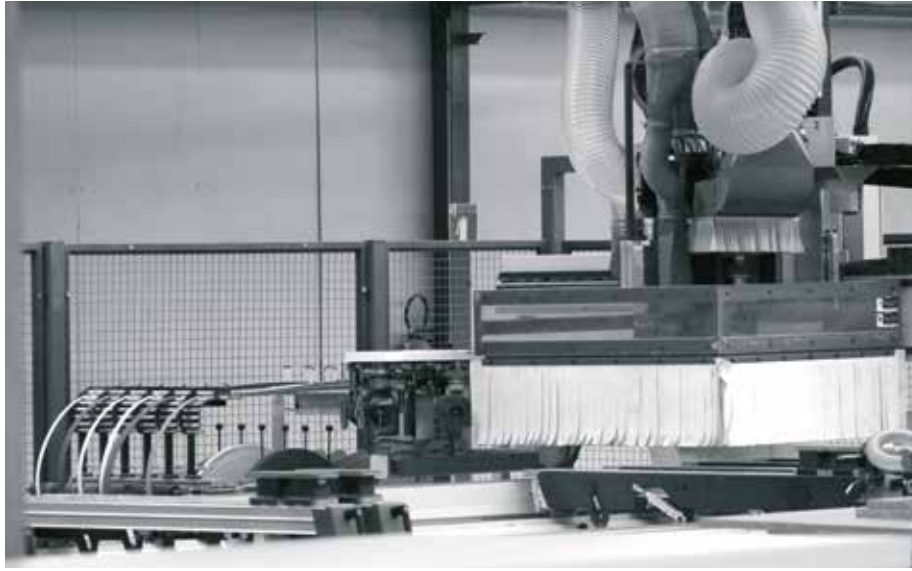

Since its creation, Buronomic has paid special attention to quality, the environment and safety to meet professional requirements while respecting Man and Nature.

The company organisation benefits from constant improvements through action plans aimed at controlling the life cycle of its products across the entire value chain, from the choice of materials up to product end of life so that Buronomic furniture is respectful of the environment.

OUR INDUSTRIAL TOOLING

An annual investment of 500,000€ in industrial tooling and relying on the unique knowledge and skills of its employees, ensures that Buronomic continues to offer highquality products. Thanks to latest-generation, fully digital machines, Buronomic can guarantee all its furniture for 5 years.

Buronomic inspects each part meticulously and designs the furniture to simplify, as much as possible, the assembly work. Due to its operators' know-how and reactivity, Buronomic can meet all types of request, even the most urgent.

OUR DESIGN OFFICE

Buronomic's in-house design office creates innovative, modern, ergonomic and functional office products. Adapting to social changes, Buronomic conceives, creates and manufactures the offices of the future. Thanks to team work and over 30 years' experience in leading edge design, Buronomic's design office also processes specific requests to create tailor-made furniture. By controlling its production line from start to finish, Buronomic can customise furniture to your requirements.

OUR SERVICES

Buronomic offers a range of services to accompany each project at every step.

With a company culture based in particular on respect, mutual aid and attentiveness to your requirements, Buronomic designs its services accordingly. Their reliability and reactivity are recognised on the market, making Buronomic a player with a true customer-oriented approach.

CREATION OF 3D DRAWINGS

Free and practical **pCon planner** software can be used to create complete layout drawings very quickly.

Ideal to help companies visualise a new work environment, this software can create high quality 3D drawings that faithfully represent reality. The whole Buronomic catalogue is available in the pCon library, to allow you to obtain an accurate representation of our furniture.

EASY FINANCING

To simplify the financing of office layout projects, Buronomic proposes a leasing solution which is affordable, comfortable and intelligent.

Affordable:

from 18 € per month

Comfortable:

preserve your cash flow

Intelligent:

renew your workspace furniture

SHORT DELIVERY LEAD-TIMES

Short lead-times for the UK:

- in 8 working days, or 10 working days for new models, the order is delivered to your warehouse.

Customised furniture lead-times:

- in 4 weeks, delivery to the distributor anywhere in the world.
- In 6 weeks, seats delivered anywhere in the world

EFFICIENT AFTER-SALES SERVICE

Due to improved process time of less than 2 days, Buronomic's after-sales service is now one of the most efficient in the marketplace.

Buronomic also answers all your questions and provides advice from **Monday to Friday 8 am to 4 pm**. Efficient and fast, our team processes your requests and helps you manage your office furniture orders on a daily basis.

OUR OFFER

Manufacturing reception counters, operator desking, executive desks, storage units, chairs and meeting tables, Buronomic offers a complete solution for all types of workspace layout.

The wide selection of top shapes, top surfaces and leg structures, as well as a broad range of colours can be combined to produce functional and elegant furniture.

Buronomic continually strives to improve the design and modernity of its products. Relying on this research and development activity, Buronomic innovates every year, creating furniture that is both modern and stylish.

Thanks to its latest-generation, fully digital machines and an in-house design office, Buronomic can customize furniture to client requirements.

OUR DISTRIBUTION

Relying on an extensive network of distributor partners, Buronomic serves its customers in the UK and Europe.

Our distributor partners have the professionalism and knowledge required to support companies with all their workspace layout projects.

Our showrooms in Honfleur and London are both Buronomic product exhibition sites and places where workspace layout and open space professionals can meet.

To support our partners and help companies visualise a new environment, Buronomic creates customised showrooms on its distributors' sites.

This service is particularly advantageous in terms of prices and payment options.
