RECEPTION COUNTERS

RIVAGE

buronomic
FABRICANT FRANÇAIS

A BRIGHT FACADE

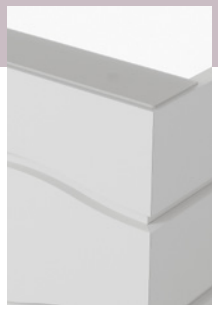
The Rivage reception counter boasts proud lines, with the massive geometry broken by the wavy lines of its bright facade. Demonstrating extensive joinery skill, Rivage combines two panels of different thicknesses and colours with an elegant mitre cut. Rivage is a fine decorative unit which gives the entrance area of small companies an immediate impression of prestige.

CUSTOMISATION POSSIBILITIES WITH THE LIGHT EFFECT OF THE LEDS

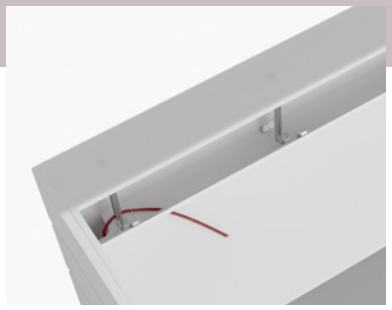
Rivage offers a range of contemporary finishes. The light effect of the LEDs offers customisation possibilities to add prestige to the reception area and make the work top more functional, with good lighting.

Worktop ingeniously equipped with a full width panel for easy access to cables

Elegant, thick Nitech® facing, white gloss lacquer effect finish and mitre cut, enhanced with LED lighting



Reception counter with satin finish tempered glass shelf



Cable routing at the corners of the worktops

- Combination of white gloss finish Nitech® and Structurex® panel in coloured or wood finishes.
- Technical unit for cable management, allowing discrete cable routing from the work top down to the floor, equipped with a removable panel with two chrome-plated handles for easy access to the connections.
- Technical unit large enough to contain several power outlet strips and electrical transformers for quick and easy connections.
- Can be customised with LED lighting of the waves and of the inner shelf to add prestige to the reception area and make the work top more functional, with good lighting.
- The LEDs can be easily installed thanks to plastic rails pre-equipped in the factory embedded in the edge of the waves or in a groove of the Structurex® shelf. Quick and easy assembly by sliding the pre-dimensioned LED strips into their rails.
